DESCRIPTION

The **VC 7210-10C ADA-compliant** combo machine, equipped with a new 10" touchscreen tablet, features a shopping cart function that enables multiple purchases, boosting sales and revenue. The standard configuration includes 6 shelves with 50 selections—10 chip/pastry, 10 small snack/candy, and 30 drink options, holding 388 items. This machine is ideal for **ADA (American Disabilities Act)** compliant environments and comes with backend management software for tracking sales, inventory, generating reports, and receiving malfunction alerts. It supports all major payment platforms, including Grab Pay, Google Pay, and Apple Pay.

Innovative technology includes a double-layered, electrically heated glass door to prevent fogging and condensation. The explosion- and smash-resistant body can withstand up to one ton of external force. The modular design allows for adjustable shelf sizes and up to 60 total selections (custom charges apply). The machine features a refrigeration system that cools and heats, with temperatures ranging from 39°F to 77°F.

Additional features include a secure lockable cash box, a guaranteed vend system, and LED lighting.
