DESCRIPTION

▲ Combination Machine Configuration

The **VC-7210 5C** Standard Combo Machine offers 50 selections across 6 shelves, including 10 chip/pastry, 10 snack/candy, and 30 drink options, with a total capacity of 388 items. Unlike many competitors, this machine is shimless, requiring no different shims for various drink types. It comes factory-equipped with backend management software, enabling you to track sales, manage inventory, generate reports, and receive alerts for malfunctions. The machine is compatible with a variety of payment platforms, including Grab Pay, Touch N Go, Boost, Maybank, QQR, Paywave, Payrange, Google Pay, Apple Pay, and more.

Innovative features include a double-layered, electrically heated glass door that prevents fogging and eliminates condensation. The machine's robust, explosion-resistant body can withstand up to one ton of external force, ensuring durability. It's modular design offers customizable shelf sizes and the ability to expand up to 60 selections (customization fees may apply). **The VC-7210 5C** can vend drinks, snacks, and food, and features a refrigeration system that both cools and heats, with a temperature range from 39°F to 77°F.

Additional features include a secure lockable cash box, a guaranteed vend system that ensures payment is held until the product is dispensed, and energy-efficient LED lighting. With these advanced features, the VC-7210 5C provides enhanced flexibility, reliability, and convenience.
