DESCRIPTION

Introducing the **VC 7206-10C Slim-Max Combo Machine** an innovative vending solution with a 10” touchscreen and flexible drink spiral design that accommodates small bottles, cans (such as Red Bull), and 20 oz bottles without shims.

The machine **supports popular payment platforms**, including GrabPay, Google Pay, Apple Pay, and more, ensuring a seamless customer experience.

A standout feature is the double-layered, electrically heated glass door that prevents fogging and condensation, while the explosion-resistant body can withstand up to one ton of external force. This modular machine offers up to 36 product selections (custom charges apply) and fits in under 9 square feet of space.

The **VC 7206-10C** vends drinks, snacks, and food with both cooling and heating capabilities, ranging from 39°F to 77°F.

For added security, it includes a **lockable cash box**, guaranteed vend system, and energy-efficient LED lighting. The VC 7206-10C Slim-Max Combo Machine combines cutting-edge technology, flexibility, and durability in a compact, user-friendly design.
